

REACH ASIA ROADSHOW 2009 (Hong Kong)

REACHing to a New Phase:

The Right Time to Know the Impact of **SVHC communication**, **Authorization** and **Restriction REACH requirements** on Your Textile and Footwear Products

In May 2009, we are much honored to present our Asia REACH Seminar Roadshow which will share with you practical information about the latest SVHC communication requirements, Authorization and Restriction update of REACH regulation.

On 1st June 2009, the existing EU Directive 76/769/EEC for Restriction will be repealed by REACH Regulation; the Authorization stage will commence simultaneously. As a matter of fact, the updated regulation will by all means inflict greater responsibilities to textile industry. This seminar will provide you with the latest EU regulatory developments, highlight foreseeable opportunities and impact, explore new challenges ahead and examine different possible solutions to help you adapt regulative changes in textile and footwear industry.

Our seminar presents you with the following:
